Coding Challenges

PROFILE

A passionate web developer eager to contribute as a Full Stack Developer, bringing hands-on experience in crafting dynamic web applications. Excited to leverage skills to drive innovative solutions and elevate user experiences, the applicant is committed to delivering high-quality, impactful software that meets user needs and enhances functionality.

WORK EXPERIENCE

Teaching Assistant

Sunrise Mentors Private Limited   2024 - Present

- Conducted one-on-one doubt-clearing sessions, providing personalized support to help students understand complex concepts.
- Assisted in debugging and troubleshooting code, enhancing students' problem-solving skills and knowledge of best practices.
- Guided students with assignments and projects, offering mentorship to support their learning journey and project completion.

PROJECTS

CHATTERLY

https://chat-app-client-dusky.vercel.app/

- Developed a chat and video/audio calling app using MongoDB, ReactJS, Node.js, Express.js, Socket.IO, and WebRTC. Enabled users to make friends, create groups, and enjoy seamless video and audio calls.

MYSTRY MESSAGE

https://mystry-message-next.vercel.app/

- An anonymous feedback and Q&A platform enabling users to generate unique feedback links and receive private messages. Integrated OpenAI's ChatGPT 4.0 for smart response suggestions, enhancing thoughtful and efficient communication.

EASILY

https://easily-1-8sey.onrender.com/api-docs/

- A powerful job search REST API where users can explore job listings, apply to positions, and save jobs for future reference. Companies have a streamlined interface to post job openings, manage applications, and view detailed applicant information.

QUIZ APP

https://quiz-app-seven-gules-27.vercel.app/

- A dynamic quiz platform offering 25+ topics with timed questions, real-time scoring, and interactive features. Integrated Open Trivia DB for diverse and engaging content, fostering learning and friendly competition.

---

TO WHOM IT MAY CONCERN,

As a Web Developer, I bring a robust skill set across both front-end and back-end technologies, with experience in building scalable, user-focused applications. My current role as a Teaching Assistant at Coding Ninjas has refined my technical abilities and strengthened my mentorship skills,

especially in JavaScript, React.js, and the MERN stack. I'm adept at creating dynamic, performant applications with an emphasis on clean, maintainable code.

Key Skills:

Full-Stack Development: Proficient in creating complete web applications using Next.js, including API development, server-side rendering, and client-side interactions.

Front-End Technologies: HTML, CSS, JavaScript, TypeScript, React.js

Back-End & Real-Time Capabilities: Node.js, Express.js, Socket.IO, WebRTC

Databases: MongoDB, SQL, PostgreSQL

Version Control & Collaboration: Git

I am enthusiastic about contributing to a development team that values innovation and impactful web experiences.

SINCERELY,

Souvik Hazra.
